

DEBRIS RACKS AND ACCESS ROAD IMPROVEMENTS IN VARIOUS LOCATIONS

Multiple Communities, OH

MULTIPLE WATERSHEDS · MULTIPLE SUBWATERSHEDS

Summary

NEORS D has identified several critical areas along the Regional Stormwater System that are either in need of a new debris rack, a new access road, or where an existing debris rack or access road is inadequate or damaged. The project will design new and/or repair damaged debris racks and maintenance access roads at locations throughout the Stormwater Service Area. Projects may also include adjacent stream and bank stabilization to improve geomorphic function near the debris racks and access roads.

Project Details

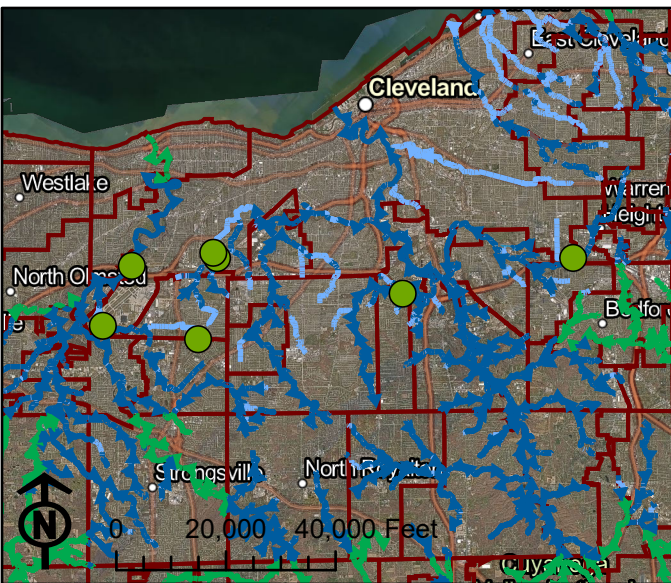

Asset ID(s): MC00114, AC00099_DEB01 (AC00123), WB00385, WB00123, WC00049_DEB01, RT00004_DEB01, AC00016_DEB01

Contract Type: Design/Build

Construction Cost: \$3,967,023.25

Completed Date: September 12, 2023

Watershed Team Leader: Donna Friedman (friedmand@neorsd.org)
