

# DUGWAY BROOK FOREST HILL PARK DAM REMOVAL

East Cleveland, OH

LAKE ERIE DIRECT TRIBUTARIES · DUGWAY EAST BRANCH

## Summary

This project will modify an existing high hazard, Class I dam regulated by the Ohio Department of Natural Resources (ODNR) along Dugway Brook in the City of East Cleveland. Class I dam designation means that there would be probable loss of life should the dam fail. The dam does not meet current design standards and is at increased risk of failing during large storm events. The modification would include reducing the existing dam height to limit the maximum storage to no more than 15 acre-feet which will minimize potential downstream hazards.

## Project Details

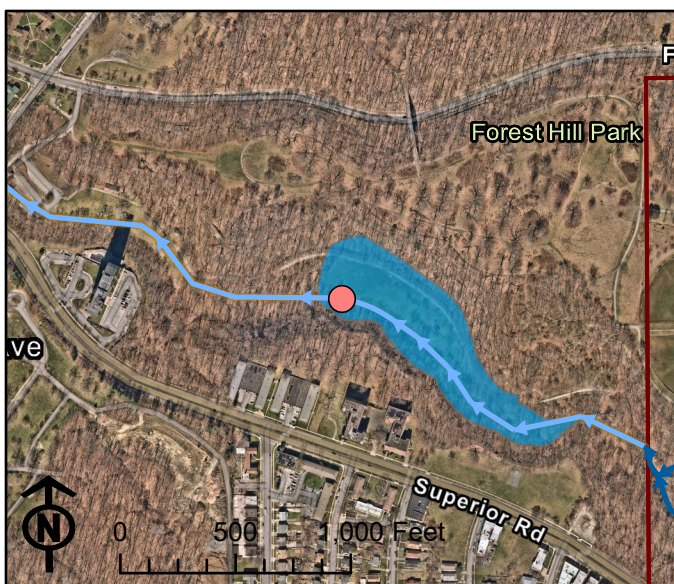

**Asset ID(s):** DE00030

**Contract Type:** Design/Bid/Build

**Construction Cost:** \$730,000.00

**Anticipated Construction NTP:** 1st QTR 2028

**Watershed Team Leader:** Francisco Rivera (riveraf@neorsd.org)
