

RENEWAL OF CULVERTED STREAM RB00205

Olmsted Township, OH

ROCKY RIVER · SMALL TRIBS TO ROCKY RIVER WEST BRANCH

Summary

This project includes the repair, rehabilitation, and/or replacement of deteriorating culverted stream RB00205. RB00205 is a 42” round corrugated metal pipe (CMP) that transitions to a 108” high by 84” wide CMP 220 feet in length. The culverted stream conveys a portion of the Rocky River West Branch Subwatershed in Olmsted Township within Sunset Memorial Park. NEORS D inspections have revealed that deterioration includes rusting along the invert, visible backfill, and concrete footing scour/section loss.
