

MILL CREEK AT NORTHFIELD ROAD STREAM RESTORATION

Highland Hills, OH

CUYAHOGA RIVER NORTH · MILL CREEK

Summary

The project will restore and stabilize approximately 1,844 linear feet of Mill Creek in the village of Highland Hills. The project will use several methods to create in-stream habitat, reduce sedimentation and reconnect the creek to its floodplain. As part of this project, the stormwater outfall (MC00135-U002) will be reconstructed.
