

<b>PRE-CONSTRUCTION PHOTO LOG</b>	Northeast Ohio Regional Sewer District Small Scale Stormwater Demonstration Project (S3DP) Grant	Project No. <b>XXXXX</b>
---------------------------------------	--	-----------------------------

<b>Client Name:</b> Northeast Shores Development Corporation	<b>Site Location:</b> Collinwood Arts District Outdoor Theater Green Parking Lot Cleveland, Ohio
---	--

<b>Photo No.</b> 1	<b>Date:</b> 3/7/2012
-----------------------	--------------------------

**Description:**

The outdoor theater parcel is a brownfield that has been remediated and capped. The site will be converted into a 30 car parking lot to service the highly successful Collinwood Arts District traffic. The S3DP grant will be used to install green infrastructure that exceeds the mandated stormwater runoff control.

<b>Photo No.</b> 2	<b>Date:</b> 3/7/2012
-----------------------	--------------------------

**Description:**

The existing bill board will remain and be utilized as temporary "pop up" outdoor theater during festivals.

-----------------------	-------------------------

**Description:**

Final plans for Waterloo Road Streetscape improvements that will be constructed in spring 2013. The streetscape project will fund the drive entrances, sidewalks, curbing and overflow drain connections. This project will utilize this match along with cash to construct a parking lot. The S3DP grant will be utilized to increase the green elements to reduce stormwater runoff entering CSO 206 and plant additional trees.
