Northeast Ohio Regional Sewer District
Attn: Dave Ritter
3900 Euclid Avenue
Cleveland, OH 44115

Dear Dave,

Please find following our Notification for the Stormwater Fee Credit Recertification Form along with supporting paperwork and photos.

I am new to the Western Reserve Historical Society- Cleveland History Center as of Dec. 28, 2020. After receiving your mailer, I spoke to the former Facilities Manager (Rich Arlesic) and he informed me of the process as to how to fill out this form. I have attached some photos of the various areas on site that this pertains too and hope they are helpful in your review. I also created a spreadsheet to identify the days in which I have and will inspect the areas so as to keep them free of debris. If there is anything else I should provide, or do, please feel to let me know and I will be happy to help out in any way possible.

Lastly, please do me a favor and respond back to me through email (psiegwarth@wrhs.org) to confirm you received this packet of info. This way I know it reached you safely since I am dropping it off at the guard's desk downstairs per Andrea's approval. I am only 3 miles away down the road and figured it would be good to just drop it off so as to be sure it arrived safely due to the deadline is July 20.

Thank you for your time and I look forward to hearing from you,

Paul Siegwarth
Facilities Manager
Cell- 440-821-1332
Email- psiegwarth@wrhs.org

Appendix G1: Application for Renewal of Stormwater Quantity and Quality Credits and Reduction of Impervious Area

1. Applicant Name: WESTERN RESERVE HISTORICAL SOCIETY	
2. Contact Name (if different than applicant): <i>Paul Siegwarth</i>	
3. Permanent Parcel Number: 12017006	
4. NEORSD Account Number: 3280170000	
5. Property Address: Street Number: 10915 EAST BL City, State: CLEVELAND, OH Zip: 44106	
6. Mailing Address (if different): Street Number: 10825 EAST BLVD City, State: CLEVELAND, OH Zip: 44106-1777	
7. Phone Number: 216-721-5722 <i>X1103 on cell - 440-821-1332</i>	
8. Email Address: <i>psiegwarth@wrhs.org</i>	
9. My renewal application is for the following type of credit(s):	
Water Quantity - 100 Year Volume	
Water Quantity - 25% Reduction Peak Flow	
Water Quality - Bioretention	
Water Quality - Infiltration Basin	
10. Supporting Documentation Checklist - please indicate the items included with your application:	
<input checked="" type="checkbox"/> (a) A completed Inspection and Maintenance Report for each applicable SCM <input checked="" type="checkbox"/> (b) Recent photographs of important design features for each SCM <input type="checkbox"/> (c) Documentation that the qualifying agricultural conservation plan is being implemented <input type="checkbox"/> (d) NPDES permitted facilities: provide a copy of Ohio EPA's annual report (from past 12 mos.) <ul style="list-style-type: none"> • All "Water Quality - Agricultural" credit renewals must only provide (c) • All "Water Quality - NPDES" credit renewals must only provide (d) • All other types of "Water Quantity" and "Water Quality" credit renewals must only provide (a) & (b) 	
All renewal applications must check the following certification items; not doing so will delay the approval process. I hereby certify that:	
<input checked="" type="checkbox"/> The impervious area of this parcel(s) remains unchanged since the date of credit <input checked="" type="checkbox"/> The Stormwater Control Measure(s) have been maintained and continue to function as intended and as submitted in the original credit application.	
<p>The information contained in the renewal application and the attached documents is, to the best of my knowledge, correct and represents a complete and accurate statement. I further understand that the stormwater credit will be based on the information provided and the Northeast Ohio Regional Sewer District (NEORSD) may suspend or revoke the credit if a later determination indicates that the information provided was inaccurate. I hereby grant permission for NEORSD or its authorized agents, employees, or consultants to enter the property for the purpose of inspecting the facility/structure or system for which the stormwater credit is requested.</p>

RE: Notification for Stormwater Fee Credit Recertification - **SECOND NOTIFICATION**

As an account holder with the Northeast Ohio Regional Sewer District (Sewer District), you are currently being assessed a stormwater fee as part of the Sewer District's Regional Stormwater Management Program. Through a credit application previously approved by the Sewer District, you verified there are one or more stormwater control measures (SCMs) on your property that effectively manage stormwater to reduce impacts on the regional stormwater system. You are currently receiving a credit, which provides for a reduction towards your property's stormwater fee.

Stormwater fee credits are only valid for one year. On an annual basis, a renewal application must be submitted to confirm the SCM(s) are still in place on the property and continue to function. This letter serves as notification of the upcoming expiration of your current credit(s). If you wish to continue receiving your credit(s), please submit the enclosed Appendix G1: Application for Renewal of Stormwater Quantity and Quality Credits and Reduction of Impervious Area.

The following information is provided to assist with completing the enclosed Appendix G1 form:

Box 3, Permanent Parcel Number: 12017006

Box 4, NEORS D Account Number: 3280170000

Box 9, Credit Renewal Applying For: Water Quality - Bioretention; Water Quality - Infiltration Basin; Water Quantity - 100 Year Volume; Water Quantity - 25% Reduction Peak Flow

Depending on the type of credits you are receiving, as identified in Box 9, the following additional information is required:

- To renew a "Water Quality – NPDES" credit, provide a completed Industrial NPDES Permit Compliance Certification Form as described in the following for the type of permit you have:
 - General Permit coverage - provide your current 12-month period Annual Report per Section 7.2;
 - Individual Permit coverage - provide your current 12-month period Annual Report per *Monitoring & Reporting Requirements* in Parts IV, V & VI;
 - No Exposure Certification - provide your Ohio EPA acknowledgement letter for the current 5-year period.
- To renew any type of "Water Quality – Agricultural" credit, check both self-certification boxes found below Box 10.
- For all other types of "Water Quantity" and "Water Quality" credits, provide an annual inspection report that summarizes the current condition of each SCM, including recent photos, completed by you or your representative.

Alternatively, you may choose to renew your credit(s) through the Sewer District's on-line renewal tool. Go to www.neorsd.org, select the "Stormwater" drop down arrow, select "Apply for a Stormwater Fee Credit", and select "Stormwater Application Renewal" to begin the application process.

Please note that recertification documentation must be received by July 20, 2021. Failure to provide the required information will result in the expiration of all applicable credits. Thank you for your contribution toward the management of stormwater to reduce the impacts on the regional stormwater system. If you have any questions, please contact Chris Hartman, Stormwater Technical Specialist at 216-881-6600, ext. 6656.

Sincerely,

A handwritten signature in black ink, appearing to read "Dave Ritter".

Dave Ritter
Manager of Stormwater Technical Support
