Seasons Fen

Portage County, OH

Project Details

Status: Active
Watershed: Cuyahoga River
Implementer: Portage Park District

Funding Year: 2021
Award Amount: \$1,719,130
Tier: 2

Summary:

The Seasons Road Fen preservation project consisted of the acquisition of a 114-acre tract, which includes ~48 acres of existing Category 3 wetlands and 3,200 linear feet of streams. The project site is significant for its large size and complexity of high-quality emergent, shrub and forested wetlands, and unique fen habitat. The Seasons Fen property is one of the last three major parcels that will complete the Tinker's Creek Greenway Protection Plan in Portage County. Collectively, this project along with 5,600 acres of parks and permanently protected parcels will comprise a corridor of approximately 16,000 acres of protected habitat within the Tinkers Creek Watershed.
